- Hail resistant dome
- Leak proof flashing
- Mirror like reflective solid tube
- Dual lens diffusion system

10 YR
WARRANTY

Solutions for brighter & cooler homes

Our solar powered LED light is a fantastic option for applications where the installation of a Maxlight® skylight is structurally not possible. SolarBright® Day & Night Solarlight uses a high performance solar panel, efficient LEDs, modern diffuser kit and energy storage capability for night usage. SolarBright® Day&Night Solarlight is a highly advanced Australian made solution to deliver free lighting both day & night.

Pure Performance. No Gimmicks

Raycatcher[®] Capturing Technology

Our advanced optical dome is designed to capture maximum sunlight, even some during low light hours. With its clear surface and free of gimmicks the Raycatcher[®] dome is the optimum in light capturing technology.

Miro-Silver[®] Tube

SolarBright[®] tube is manufactured to last for life, it has the highest reflectivity for an anodised surface with capability to deliver pure daylight colour. SolarBright[®] tube will perform consistently and is free of gimmicks and lamination.

Auroramax[®] Diffusion Technology

SolarBright[®] triple lens diffuser technology is designed to allow the light to enter rooms and spreads the pure light evenly with no hot spots. Simply, more light & less heat.

Model	Covering Area	Potential Length
ML250	18m	7m+
ML400	25m	10m+
ML400H	28m	12m+
ML550H	32m	15m+

Cutting edge technology in daylighting

Raycatcher[®] Dome

- Smart dome reflects some low light angle
- Minimises midday light intensity
- Exclusively engineered & designed
- Durable injection moulded
- Hail resistant shape
- Crystal clear surface for maximum performance*

*Image of light for illustration purposes only

Seamless Flashing

- Leak-proof roof system
- Seamless injection moulded part
- Designed to suit most roof types
- Engineered with pitch for maximum performance

Miro-Silver[®] Tube

- Mirror finished tube
- Durable Solid Aluminium - not laminated polymer
- Transmits pure white light
- Highest reflectivity at low sun-angle
- It will not yellow, crack or peel after prolonged UV Exposure
- 20 year warranty

Optical Diffusion System

- Exclusive & modern design
- Unique triple layer diffuser kit
- Blocks harmful UV transmission
- Advanced Fresnel lens for optimum performance

Performance, quality plus choice

The choice is yours...

SolarBright daylighting systems give you exceptional performance plus a unique range of functional options.

Diffusers

Primax[®]

Most widely used diffusion system in the lighting industry. Excellent efficiency in light transmission and glare reduction.

Warm

New and modern diffuser with a matt satin surface which produces a warm and soft light.

Aurora[®]

Transmitting and spreading light effectively in any room.

Auroramax[®]

The new Fresnel micro-optic lens is engineered to transmit pure natural light evenly regardless of the sun angle. AUORAMAX[®] the ultimate diffusion lens.

The Hybrid Diffuser

- Large square diffuser to bring in even more light
- Seamless stylish décor trim
- Multiple sealed lenses for optimum energy efficiency
- Mirror finished tube for maximum performance

Options:

Primax[®] | Warm | Aurora[®] | Glazy[®]

Add style & elegance

Stylish Trims

White

Our standard décor trim is the most acquired feature that blends with majority of ceilings.

Glass Overlay

Add class to your diffuser with a glass look feature.

Stainless Steel

Designed to match other Stainless Steel light fixtures on your ceiling.

Glass Eclipse

Designed to add a touch of elegance with a glass look.

Electric Light Inside Tube

Add electric light to your skylight for night use.

Light Dimmer

Control and adjust the amount of natural light with the touch of a button.

Combo Skylight & Ventilation

The new combo add-on ventilation kit offers the convenience of skylight and ventilation in one. This modern and stylish feature is perfect for bathrooms, laundries and other rooms that require daylight and ventilation.
