Fireplaces Australia

Reliability | Innovation | Service | Quality

Reliability | Innovation | Service | Quality

For over 35 years Jetmaster Fireplaces Australia has been a leader in providing the best quality fireplaces for Australian homes. Our expertise in properly understanding the conditions, needs and the warm environment you are seeking to create sets us apart. It's also why we offer one of the most complete ranges of leading fireplaces to suit Australian living. At Jetmaster Fireplaces Australia our commitment is to deliver the most rewarding, lasting and enjoyable ownership experience for you.

Brilliant Heat. Beautiful to Watch.

OPEN FIREPLACES

(wood/solid fuel & gas)

Beautifully crafted and offering an endless array of design possibilities our range of open fireplaces provide superior heat efficiency with lasting workmanship.

SLOW COMBUSTION

Our range of slow combustion fireplaces are specially suited to the heating needs of the Australian environment being highly efficient and flexible.

ENCLOSED GAS

The advanced design and technology of our Heat&Glo range means you can experience the warmth and beauty of an enclosed gas fireplace with superb heating capability.

OPEN FEATURE FIRES

Our stunning Horizon fireplaces create a beautiful ambience with their long slim-line form and can be designed to suit almost anywhere, in any style.

Brilliant Heat. Beautiful to Watch.

OUTDOOR

Adding a new dimension to entertainment areas, our outdoor BBQ also conveniently doubles as a fireplace enhancing the enjoyment of your outdoor living area.

UNIVERSAL GAS

Brilliant Heat. Beautiful to Watch.

UNIVERSAL WOOD

UNIVERSAL OUTDOOR

Nothing completes your home quite like a Jetmaster fireplace. Available in both wood (solid fuel) and gas, they combine superior heat efficiency and endless design possibilities, without incurring the expense of a full brick chimney. Super-efficient

and easy to light, Jetmaster fireplaces are cleverly designed not to smoke and require little cleaning. Jetmaster fireplaces are also unconditionally guaranteed to work beautifully for 15 years.

MEZZO SERIES

HEAT & GLO[®]

SLRX

3X

With an eye toward design and innovative technologies, Heat & Glo fireplaces are capable of pushing the boundaries of where fire can go and how it can look with their balanced flue gas technology. Very easy to install, with straight out the back venting options, they're ideal for multi-storey dwellings on an outside wall. Heat &

Glo units can also be vented in a number of versatile vertical and horizontal flueing options. In fact you can vent Heat & Glo units up to 4.9m* horizontally with up to three 90 degree bends. With Heat & Glo you can experience the warmth and beauty of a gas fireplace virtually anywhere and in any style.

— FIREPLACES —

EDGE

LOW LINE DOUBLE SIDED

These stunning decorative gas fires symbolise our commitment to offer the best in gas technology. Horizon fireplaces are now available with a Heat Zone kit which transform these beautiful decorative fireplaces into effective and powerful

heaters. A defining feature of the Horizon range is the floating burner, hidden controls and stylish slimline design. Plus, Horizon fireplaces have a high gas input which achieve more flame, more glow and inviting radiant heat.

PATIO HORIZON PANORAMIC

OUTDOOR

The Patio Horizon Outdoor gas fire will add an amazing feature to your outdoor space. No flue is necessary so it's easy to install, and with the flick of a switch, you can create a warm ambient setting. Extend your outdoor entertainment season by enjoying the radiant heat and ambiance

created on those cooler Autumn and Spring months.

The Panoramic comes standard with porcelain liners this gives a mesmerising reflection of flame on all three sides enhancing the already impressive flame.

PATIO HORIZON ISLAND

PATIO HORIZON ONYX

The Patio Horizon Island is a stunning feature for any outdoor area. Its rectangular crystal fire burners are made from high quality 304 stainless steel and includes tempered glass, with 4 different styles and colours to choose from and 1 drift wood log set option. It also comes with a contemporary lightweight concrete top. The steel base can either be used as its own feature or you have the option to clad with any weather proof product.

The Patio Horizon Onyx will be the center piece of your outdoor entertainment area, with its architectural design fully spun laser cut steel top and base and the amazing round 304 S/S fully welded burner that gives a spectacular flame and breathtaking radiant heat.

Choose from a range of media options to create the look that suits you.

OUTDOOR BBQ FIREPLACE

OUTDOOR BBQ FIREPLACE

Cleverly designed, the Jetmaster contractor range of **built in BBQ's** add a new dimension to entertainment areas around which friends and family can gather.

Conveniently usable as an outdoor fireplace as well as a BBQ, the timeless Jetmaster design will beautifully enhance your patio or outdoor entertainment living area.

Providing warmth, ambience and chic contemporary detail the new Jetmaster **gas fire pit burners** make a statement in modern outdoor living. Stainless steel linear and round burner designs produce beautiful long ribbon smoke free flames to allow endless outdoor cooler night entertainment. Glittering glass stones

provide a mesmerising appearance of a liquid flowing lava stream replicating a modern campfire ambience. Install in almost any location as no flue is required and finish either as a contemporary fireplace or table top type fire pit in any non-combustible material.

NOTES

A large white rectangular area with a thin black border and a thicker orange border, containing ten horizontal lines for writing notes.
